## Bethany Christian High School

Goshen, Indiana

# *In Memory . . .*

Those who preceded us
at Bethany--those who
received and contributed
here, then graduated--
are still a part of
our school--in the
paths of high standards
they have worn for us;
in their contributions
to that particular atmosphere
that makes Bethany
Christian High School a
Christian school not only in name.
Many of these were outstanding--
Of many of these Bethany is
proud.
There is one of these outstanding
ones who could be cited as an
example of what Bethany wishes
to accomplish in its students--
a dedicated student, warmly personable, and
deeply consecrated--
the Ron we knew at Bethany;
the Ron who was suddenly
called away from this earth one
day last summer, following an
auto accident.

In memory of him,
Ronald G. Swartzendruber, Class of '59,
we, the WITMARSUM staff
of 1962 dedicate this book
to the alumni of our school.

# From the Superintendent . . .

Dear Students,

Our editors take pleasure in presenting the 1962 WITMARSUM. Within the pages of this book is reflected the school life of your fellow classmates. In the years to come the familiar scenes appearing on the pages of this book will become more valuable. We hope the WITMARSUM will help you remember those finer moments of school life when the voice of God spoke to you of the stewardship of life, time, and talents. May these higher ideals and broader visions of service ever direct you in the Master's service.

"Oh Master, let me walk with Thee
In lowly paths of service free;
Tell me Thy secret, help me to bear
The strain of toil, the fret of care.

* * * * * *

In hope that sends a shining ray
Far down the future's broadening way
In peace that only Thou canst give,
With Thee, O Master, let me live."

Yours in Christian Education,

John S. Steiner

EVENTS

# Second Semester, 1961:

# Chapel Highlights

Mr. Culp, Second Semester Address...
"Six Principles for Success"

Bob Detweiler brought a true spiritual revival to Bethany in the week that he was with us.

Missions Week brought speakers experienced in foreign mission work. Here Dorothy Yoder, a nurse from Brazil, is challenging the students.

In exchange for a Bethany A Cappella Chorus program at the College, the Goshen College Collegiate Chorus brought us a real musical treat one morning in Chapel.

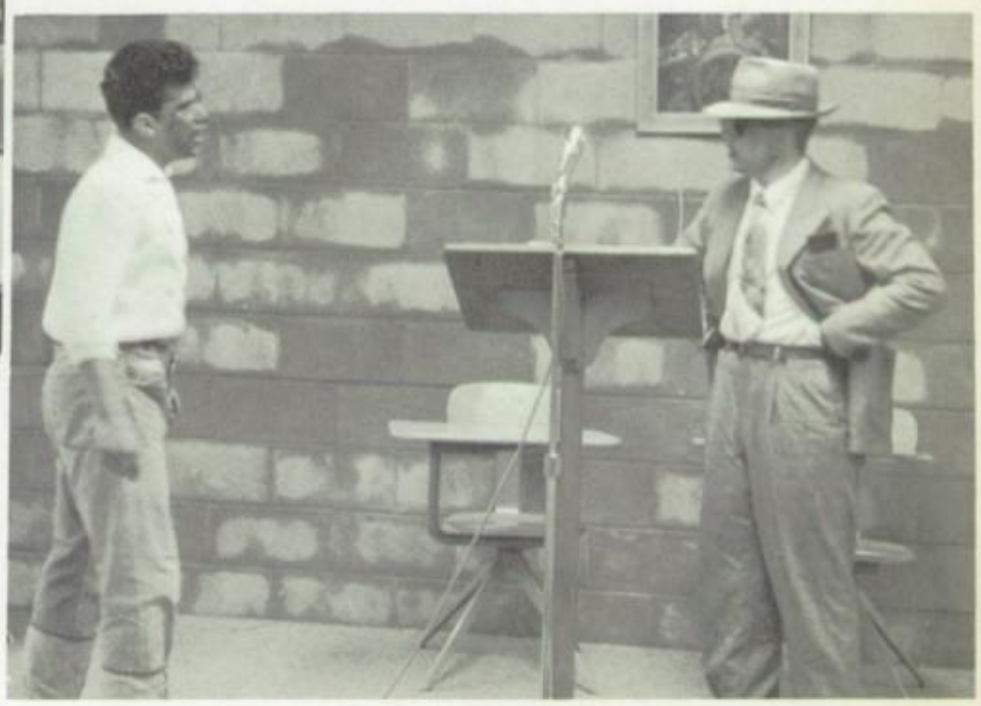
# An Evening for Laughter

Glen Homes interviews the kiddies on his program for the Freshman TV Network.

Each class worked out a short program for the All School Social. As you can see, results were hilarious.

Janice Carpenter and the Little Senior Girls' Big, Big, Band.

Bum Al Valtierra and Bum Wayne Risser deliver a dialogue featuring two bums.



# B. C. H. S. Students High in Academic Contest

Eight students earned the privilege of participating in the State Achievement Contest at Bloomington. Seated are Howard Zehr, mathematics; Mary Katherine Schrock, Spanish; Nancy Eash, Lois Book, Janet Moore, Sue King, English; Margaret Mann and Carlos Ovando, Spanish. Standing are their instructors, Mr. Hartman, Miss Wyse, Mr. Bauer, and Mr. Miller.

# Juniors and Jonahs Collaborate

Fish was the bait that attracted a crowd of 2800 people to Bethany one balmy spring evening in April.

The juniors, with the aid of the Jonah Club, put on a successful fish fry.

However, to feed 2800 in four hours, others are needed to help.

Some of these others are shown in the pictures on this page.

Many are not shown, including the mothers who baked all those pies.

Let them not escape unthanked!

Sophomores gained experience while helping the juniors.

Parents of juniors seemed to enjoy working together and were a valuable asset at the same time.

Even members of the sheriff's department were on hand to help the juniors.

# Seniors Track Champs

Spirits run high on Track Meet Day:

one-half day's rest from schoolwork,

plus excititg and varied competition

in this annual spring intramural event.

No, track events do not include flying--that's Dan Lind broad jumping.

"...Carl Ropp is coming in first, and in second place--Mr. Gross!"?

An unidentified pole vaulter sails easily over the bar.

Girls are active, too, in the B.C. H.S. Spring Track Meet. Here's Janice Carpenter in the Girls' Basketball Throw.

# Annuals Arrive

"Oh, my hair was a mess on that picture!"

"Who's that monk--oh, that's me!"

"Nice job, Janet!"

"My picture's in seven times!"

"Please sign my annual?"

...comments heard upon the arrival of the '61 WITMARSUM.

# Educational Holidays

Chicago felt the impact of Bethany biologists as they converged on her Museum of Science and Industry, Planetarium, and other points of interest. Here they are shown at the Museum of Natural History.

Inhabitants of the Kellogg Bird Sanctuary, near Battle Creek, Michigan, were probably impressed with the Audubon Club members who came to visit them last spring.

# Commencement: The End and Beginning

There's the impressive
candle-lighting ceremony
on Class Night...
a symbol of the pledge
to carry the light of the
truth received at Bethany
to a dark world...

Then the long march down the
aisle for the final exercises...
the realization that this is
the end--the end of wonderful
high school days....
But it is also the beginning--
the beginning of the application
of knowledge and experiences
gained in these last four years...
After the address, the committment
to serve the Christ we learned to
know better at Bethany...

Then the reward of four years'
diligence: the diploma, and
the warm congratulations of the
superintendent and principal.

Valedictorian Janet Moore
receives a well-earned
diploma.

As we close our books for the last time, we leave behind us a very important part of our lives. These have been years we will long remember. Bethany has enriched our lives in many ways. A good education, new and lasting friendships, the Christian example and guidance of our teachers--all are building blocks we have received for the future. We would like to thank you, Bethany, teachers, and parents, for the guidance and help you have given us.

There were seventy-three members in the junior class at the beginning of school. Twenty-five of these students were new members of our class.

We have become involved in raising money for our senior trip. Some of the projects were the fish fry, work days, and class dues.

We also prepared for the Junior-Senior Banquet.

We have received a lot in the past three years here at Bethany and are looking forward to our senior year.

# Sophomores Advance

Betty, Darrel, Karen and Carolyn hold a conference on their advanced algebra assignment.

Miss Martin and Mr. Lehman chat about their industrious sophomores.

Sophomores! Finally, but yet so soon. How fast the time seems to go. We think our greenness is a thing of the past but oh those growing pains.

We find we have to study harder and have more privileges, we also have more responsibilities. A bake sale last fall was our main project. We also enjoyed helping the juniors with their fish fry, but we were glad to get off our feet again afterwards!

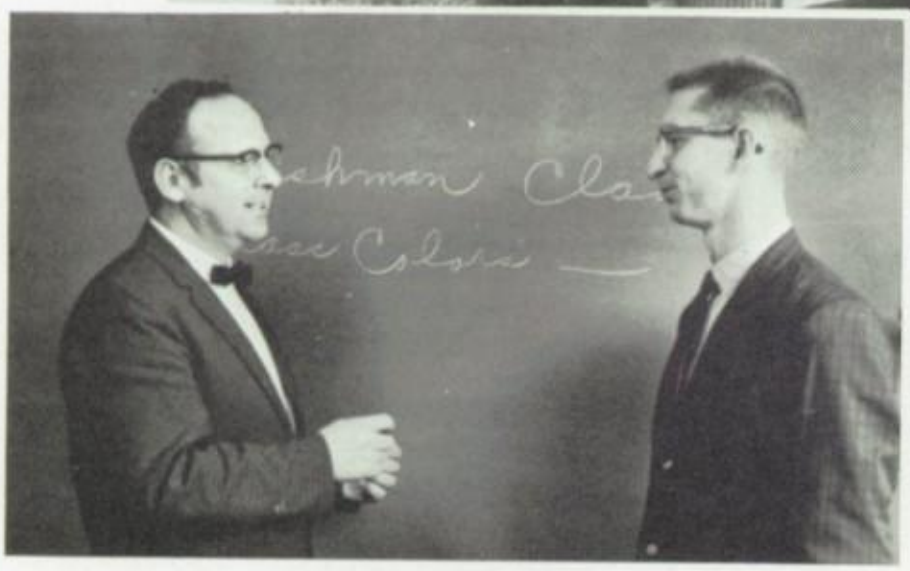
# Freshmen Enter

A new day lies before Pauline, Paul, Veronica, and Tom as they enter the building. They plan to make good use of it.



Mr. Birkey and Mr. Bontrager enter into the uniquely freshman problem of choosing class colors.

This year forty-four students entered Bethany as freshmen. The girls in our class outnumber the boys twenty-four to twenty.

We freshmen have enjoyed our first year here at Bethany and look forward to the next three years.

SECRETARY . . . . . Sharon Stutzman
TREASURER . . . . . Janis Yoder

Howard, Janis, Fred, and Sharon tabulate the pledges for the fund drive. $265 over the goal!

The Young People's Christian Association is composed of dedicated young people from all classes seeking spiritual growth. The "Y" provides this through various activities designed to promote spiritual growth. Some of these are mentioned on the following pages and in other parts of the book.

Each year, the Y. P. C. A. has a special project to which the members donate funds. This year a record-breaking $540 was raised for Russian literature and Y. P. C. A. expenses.

Through the efforts of the Chapel Committee, students grow together spiritually. They may do this by leading an inspirational service or attending services planned by the Chapel Committee.

This committee plans Thursday chapel periods in which students take part. They also arrange for student prayer meetings every Thursday noon.

Another activity of the Chapel Committee this year was a study of the devotional life of the student body, which proved a means of deeper growth for the students.

# *To provide outlets for service . . .*

True Christians must share their Savior with others. It is the duty of the Christian Service Committee to find special places for Y.P.C.A. members to serve Christ by telling others about Him. This committee sends out gospel teams on tours and for Sunday evening services, arranges for visitation and tract distribution and other related activities. They also create interest in serving by planning Missions Emphasis Week.

Another important activity this committee provides for is the annual Christmas Banquet, a highly interesting social activity at Bethany.

In order to participate in Y. P. C. A. Activities, one must certainly know what the "Y" is doing. Other interested people outside of our school want to know what Bethany is accomplishing. To informing students, sister schools, and our church of Y. P. C. A. activities, the Publicity Committee devotes its time.

The posters you see at the business office, reminding you of Thursday prayer meeting, are a product of these industrious people. The admonition for silence sometimes posted on the chapel doors was this committee's idea. Articles about Bethany in the "Our Schools" section of the GOSPEL HERALD were prepared by the Publicity Committee. They also corresponded with other Mennonite high schools.

# A Cappella Chorus

It presents a tremendous challenge to be a member of the A Cappella Chorus. Each member must feel what he sings, for people soon can tell whether the chorus members are singing only for the sake of the music, or presenting a testimony of Christ.

The chorus tour is the high point of the year for A Cappella members, although the annual Christmas Program, in which parts of the MESSIAH were presented this year, is very rewarding, too. Even our daily second period class is very far from dull.

The members of this club are interested in the German language and culture. In their monthly meetings a little bit of Germany is brought to Bethany. Listening in on these meetings, one may hear the lilting melody of a German folk song, or the accented English of a German speaker. One of the favorites of the club this year was Ingrid Avert, an exchange student at Goshen College. The club also enjoyed an evening of German food and fellowship this spring.

# Classes Encourage Creativity

Many classes provide opportunities

for students to be creative.

The product may be

a lamp for the woodworking student...

an abstract masterpiece for the aspiring artist...

or a beautifully doodled notebook for the
government student--

but into each, the student puts a
little of himself.

Home ec. creations are usually pleasing. Mr. and Mrs. Hartman found them so when they were entertained as dinner guests of Home Ec. III.

Art class

allows for more

creativity and individuality

than any other class.

Brilliant colors...

subdued hues...straight

lines...sweeping curves--

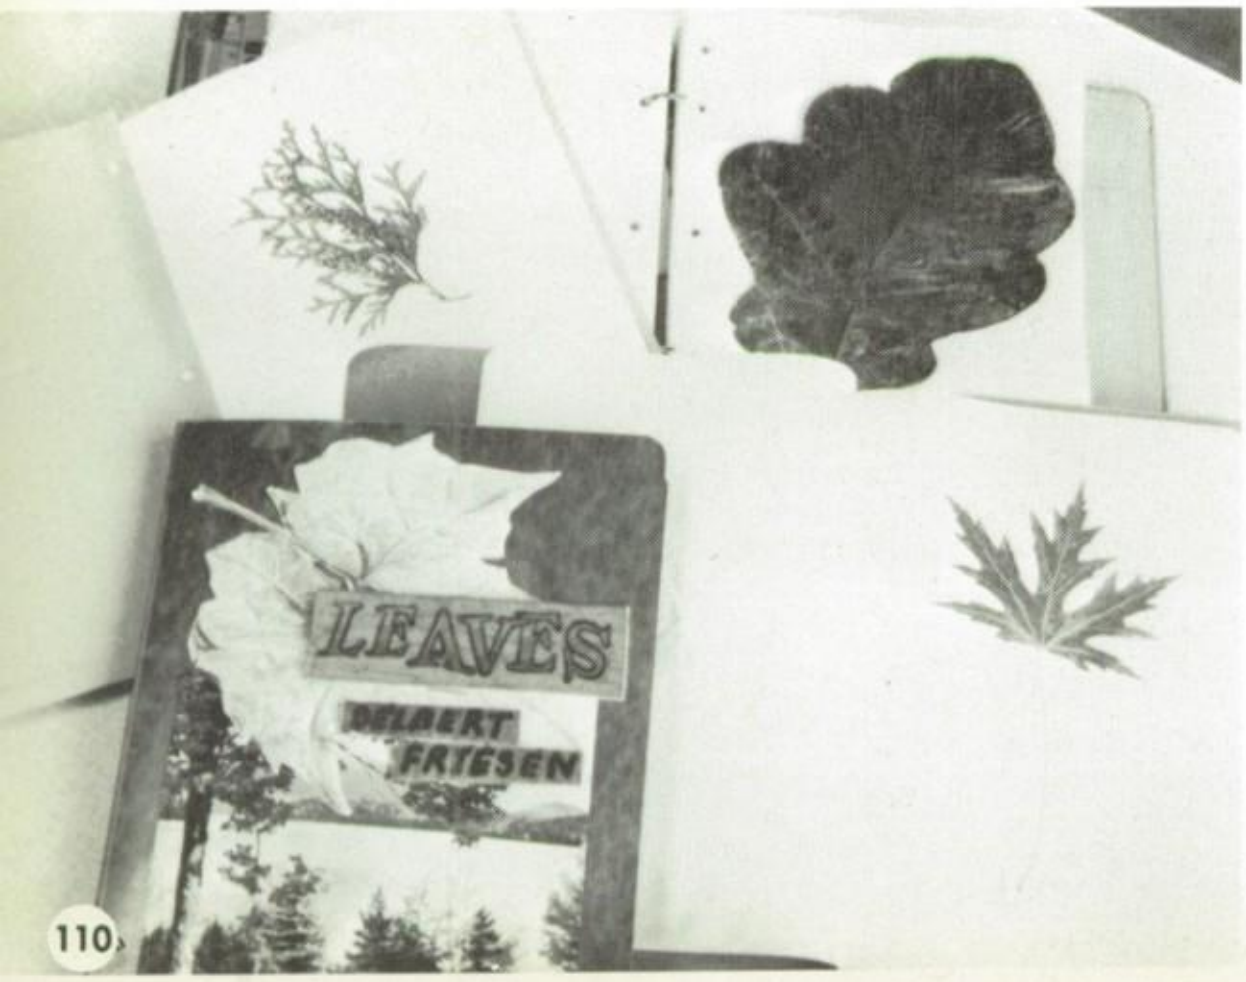
The combination of these a

and many other subtilities

results in a creation

that is not quite like

any other.



Biology projects were

attractive this year.

Each student spent

hours collecting,

identifying, and arranging

leaves.

Their notebooks

showed signs of

hard work and individuality.

Wood can be cut,

shaped, sanded, and

finished to beautiful

and useful products.

Fellows in the

woodworking class

work to develop their skills

in the art by making

end tables, lampstands,

cabinets, and other

products.

A few prize projects of last year's class.

Hammer it, weld it,

bend it, shape it--

that's what they do

to metal in metalworking

class.

Again, the products can be

beautiful as well as use

useful, as are these

copper plates the fellows

are hammering.

Sometimes very "different" class periods are created--as, for instance, this Ag class. Instead of delving into the technicalities of Agriculture, they are delving into home-made ice cream and pie!

An overflow study hall of mature seniors who do not need supervision is somewhat "different," too.

These mature people sometimes need party hats and crackers to put them in the mood for mature studying.
